AI Prompt Sheet: Large Fair Managers

Events With 51,000–250,000 Attendees

Copy. Paste. Reuse.

1. Large Event Readiness and Stress Points

I am managing a fair with approximately ____ attendees over ____ days. Ask questions about operations, staffing, vendors, utilities, safety, transportation, and communications. Identify likely failure points.

2. Vendor Mix, Redundancy, and Crowd Flow

Review my vendor list and site layout. Evaluate redundancy, placement, congestion points, emergency access, and crowd flow. Ask clarifying questions first.

3. Staffing, Command, and Fatigue Risk

Evaluate staffing and volunteer coverage for ____ attendees over ____ days. Ask about command structure, authority, peak demand, and fatigue risks.

4. Weather and Incident Escalation

Help me stress-test weather and incident response plans. Identify escalation needs, communication risks, and staffing gaps.

5. After-Action Review

Conduct an after-action review for a fair of ____ attendees. Ask department-level questions and summarize lessons learned.
